## Ike Picks New Hampshire To Drop A Hint On Second Term Prospects

CONCORD, N. H. (AP) — President Eisenhower Thursday picked New Hampshire — which gave him an early lift toward the White House in 1952 — to suggest teasingly that he might seek a second term.

The suggestion — maybe serious, maybe just in fun — touched off a roar of applause and whoops of approval in a police-estimated crowd of 15,000 persons in State House Plaza here.

Eisenhower, touring northern New England, had been telling the crowd how his chief aid — former Gov. Sherman Adams of New Hampshire — boasts to the White House staff about the state. Then, bringing up the subject of a second term himself, the President went on to say:

### Lectures

"People often ask me what my ideas are on how long I would like a residence in 1600 Pennsylvania Avenue (the White House).

"My own thought is: They should know how long it is going to take Governor Adams to finish his series of lectures on New Hampshire, because he doesn't seem to be a third of the way through them yet."

The arithmetic of the situation is this: Eisenhower has completed just about 2½ years of his four year term. If Adams is only about a third of the way through his "lectures," he needs about another five years to complete them.

### Fun?

And another five years would take Eisenhower just about through a second term.

The big question, though, was whether Eisenhower was just hav-

ing a bit of fun — or whether he meant to hint that he may run again.

Only Wednesday in Rutland, Vt., the President laughed off a joyful plea by Sen. Aiken (R-Vt.) that he seek re-election. Alluding to Eisenhower's weekend commuting between Washington and his farm at Gettysburg, Pa., Aiken expressed what he termed the earnest hope that Eisenhower will remain "part time farmer for some time to come — say another five or six years."

The occasion for Eisenhower's informal talk here was an outdoor session of the New Hampshire Legislature — the first in the state's history.

### On Platform

Adams, who was one of the earliest Eisenhower-for-President boosters in the 1952 campaign, was on the speakers' platform with the chief executive Thursday.

But it wasn't until evening, after Eisenhower and Adams had gone on to Laconia, N. H., that newsmen were able to talk with Adams — and get his bantering, non-committal comment.

After Adams had smilingly declined to make any serious reply, a reporter asked:

"Do you think you can finish those lectures by the end of another term?"

"I can try," Adams laughed. When newsmen persisted that the President himself had suggested that Adams could provide the key to the second term question, Adams laughed again and said:

"Well, I didn't write the speech. Actually, the President spoke off the cuff — with notes."

**Farmer Killed By Lightning Near Hoskins**

WASHINGTON (AP) — Senate investigators set off Thursday on the trail of a rumored \$100,000 bribe to government purchasing officers — and ran into a solid wall of indignant denials.

The question raised as the Senate Investigations subcommittee opened an inquiry into alleged corruption in armed forces uniform procurement was: did New Yorker Sol Schlesinger pay \$100,000 to an Army colonel and two civilian aids to get a 1950 contract?

"Preposterous," snorted Schlesinger, who refused to open his books for the investigators because they "might tend to incriminate me."

"It's all based on myth!" cried Col. Louis H. Shirley, named by subcommittee Counsel Robert F. Kennedy in connection with the rumored payoff.

"Noboddy"

"I never took a dime off nobody!" protested David Spatt, Shirley's sometime aid.

Kennedy never did say what information led him to ask whether there was a \$100,000 payoff in connection with Schlesinger's 1950 contract to make half a million caps for the Air Force.

In a circular letter to its membership the Nebraska Wheat Growers Association recently quoted the Washington Farm Reporter which sized up the producers problem as follows:

"Experts figure growers don't have much to choose between 76 per cent supports with quotas and 50 per cent supports without them."

"The 76 per cent level comes out to \$1.81 per bushel load rate."

"Total wheat crop for 1955 is forecast at 845 million bushels. This is the smallest crop since 1943. It will make a small dent in the surplus although it is more than 50 million bushels less than expected disappearance. Still the short crop is not short enough to warrant a higher support level, according to USDA computation."

"Some key men . . . believe that the government should take no action to jack up price supports if quotas are defeated. They feel that the resulting big wheat production would bring the problem into better focus. . . . provide a much stronger case for flexible price supports."

"There are others in the department however, who are frankly alarmed at the possibilities without quotas. They are pushing hard to get USDA to recommend some specific action to Congress."

# Defense Aid Anderson Leaving Pentagon Post This Summer

Paper Company Executive Said In Line For Job

WASHINGTON (R)—Deputy Secretary of Defense Robert Anderson is leaving the government this summer.

Secretary of Defense Charles Wilson announced Thursday that Anderson—a Texas Democrat-for-Eisenhower—has notified him that he intends to submit his resignation "in the next few months."

Announcement of the impending change in the Pentagon hierarchy followed by only a day the White House announcement of the resignation of Secretary of the Army Robert Stevens.

And Thursday Gen. Maxwell Taylor arrived to take over, later this month, the post of Army chief of staff—another phase of the Pentagon change. He is succeeding Gen. Matthew Ridgway, whom President Eisenhower passed over for a second term. Ridgway has differed with the administration about its plans for cutting the size of the Army.

**Decided**

The short announcement on Anderson said "a successor will be nominated shortly."

This gave the impression that some individual presumably had been decided upon. There was immediate speculation about the choice.

One name prominently mentioned was that of Reuben B. Robertson Jr., a Hamilton, Ohio, paper company executive. Robertson visited Wilson Thursday a few hours before the Anderson announcement. The Tulsa (Okla.) Tribune said Robertson was likely to get the post.

The deputy secretary's job is one of much importance in the government, since he is No. 2 man in the Defense Department, ranking right after Secretary Wilson.

**Reluctant**

The name of Harold Talbot, secretary of the Air Force, now senior service secretary and a staunch supporter of Eisenhower, was also mentioned for the deputy's post. Some published reports have described Talbot as reluctant to leave his Air Force post, however.

Another possibility suggested was Secretary of the Navy Charles Thomas, a Californian and formerly an assistant defense secretary. Thomas succeeded Anderson in the Navy post. There was mention also of Gordon Gray, chancellor of the University of North Carolina. Gray is a Democrat. He was secretary of the Army in the Truman administration and recently was appointed to be assistant secretary of defense for international security affairs (foreign military assistance).

The brief statement by the Defense Department gave no hint as to the reason for Anderson's forthcoming resignation.

**Capability**

Anderson is only 45 years old. He left a reported \$60,000 a year job as general manager of the huge Waggoner estate in Texas to come to Washington in 1953 as secretary of the Navy.

In both the Navy and defense posts, Anderson earned a reputation for administrative capability and also of being able to keep out of trouble.

Among the guesses as to his reasons for quitting were two: that he wanted to get back to his oil-cattle farming; that he might re-enter Texas politics.

**... And The Lord Helps Those Who Help Themselves**

This story was told by a Lincoln woman who had charge of her church's nursery one Sunday morning.

After church services, all the little tots were claimed by their parents except one. As the noon-hour dragged on, the woman began to wonder if the mother had forgotten about the child.

Finally at 1 p.m. the mother appeared and apologized for being so late, explaining there had been a meeting after the church service.

"I didn't know any meeting was scheduled after the service," the woman inquired.

"Not here, but at my church two blocks down the street," the mother replied. "My church doesn't have a nursery."

Among the guesses as to his reasons for quitting were two: that he wanted to get back to his oil-cattle farming; that he might re-enter Texas politics.

**... And The Lord Helps Those Who Help Themselves**

This story was told by a Lincoln woman who had charge of her church's nursery one Sunday morning.

After church services, all the little tots were claimed by their parents except one. As the noon-hour dragged on, the woman began to wonder if the mother had forgotten about the child.

Finally at 1 p.m. the mother appeared and apologized for being so late, explaining there had been a meeting after the church service.

"I didn't know any meeting was scheduled after the service," the woman inquired.

"Not here, but at my church two blocks down the street," the mother replied. "My church doesn't have a nursery."

**Reluctant**

The name of Harold Talbot, secretary of the Air Force, now senior service secretary and a staunch supporter of Eisenhower, was also mentioned for the deputy's post. Some published reports have described Talbot as reluctant to leave his Air Force post, however.

Another possibility suggested was Secretary of the Navy Charles Thomas, a Californian and formerly an assistant defense secretary. Thomas succeeded Anderson in the Navy post. There was mention also of Gordon Gray, chancellor of the University of North Carolina. Gray is a Democrat. He was secretary of the Army in the Truman administration and recently was appointed to be assistant secretary of defense for international security affairs (foreign military assistance).

The brief statement by the Defense Department gave no hint as to the reason for Anderson's forthcoming resignation.

**Capability**

Anderson is only 45 years old. He left a reported \$60,000 a year job as general manager of the huge Waggoner estate in Texas to come to Washington in 1953 as secretary of the Navy.

In both the Navy and defense posts, Anderson earned a reputation for administrative capability and also of being able to keep out of trouble.

## Not "Just Us Chickens"

Pleading his case before the City Council, a Lincoln attorney made a point with the humorous remark that chickens don't need sanitary sewers.

We would be hard put to find any quarrel with that statement but we might add that it is too bad more of us aren't chickens. The attorney was pointing out that his client uses his land for raising chickens and growing corn and thus was not in need of a proposed sanitary sewer through his property.

Now, if more of us were chickens than what we are, there would be no need for more sanitary sewers anywhere but this, sadly enough, is not the case. The facts are that we are what we are and being such, we have certain basic demands.

As our numbers grow, which is happening at

an impressive rate in Lincoln, these demands increase and that situation has left us with an acute shortage of sanitary sewers. We might not be chickens, but we will certainly be an unhealthy and unhappy bunch of humans if this shortage is not corrected in the near future.

When city, state and health officials met Thursday to discuss this sewer problem, they ended the meeting on about the same point at which they had started more than a year ago—the appointment of a committee to recommend a plan of action. This committee work in the past has had a remarkable resemblance to a flock of chickens, cackling hens that do nothing but lay eggs. We might say after Thursday's meeting, "this is where we came in." We hope we won't have to leave this time before the feature ends.

The report was written by Harris H. Huston, chief investigator for the House committee. House Democrats took no action on it, however. They went along with their party's then policy of "getting along" with the Eisenhower administration.

Today that policy has shifted somewhat and the report may finally be acted upon.

Meanwhile, this column has obtained a copy of this revealing report and can disclose that Huston tells how one company got a contract to erect 1,750 grain-storage bins—though another firm had offered to put them up faster and for \$250,000 less cash. When asked about this, a Department of Agriculture auditor agreed that "before this thing is ended, many heads will be lopped off."

Huston also explains how the cost of grain-storage bins dropped mysteriously after he began his investigation.

"This was indicated," he says, "by the fact that for approximately the same bushel capacity, one procurement cost the Commodity

credit public power. It opposes expansion of the existing federal system—in the TVA country, and out in the wilds of Idaho-Oregon."—Extract from the Omaha World-Herald.

Whoever wrote that paragraph must have had some difficulty in maintaining a straight face.

For the record—and purely for the record—it is not a statement of fact to say that public power pays no taxes. What public power generally does contribute are payments in lieu of taxes. That is the practice here in this state where the Consumers Public Power District pays into various political subdivisions, state, county and municipal, and school districts, payments in lieu of taxes which run into the thousands of dollars. Some of the municipally-owned plants, another form of public power, make payments in lieu of taxes. That has been the practice in Lincoln in recent years.

It has been the practice in the Tennessee Valley for TVA to make payments in lieu of taxes to various political subdivisions. Those payments in most sections of the country have been based upon the amounts previously paid into the political subdivisions by the privately owned utilities.

Likewise we assume that the Herald knows that the public power program in Nebraska in the acquisition of privately owned utilities came about through the issuance of revenue bonds, amortized over a period of years, the bonds and the interest upon them to be paid out of the revenue of the public power agency. We assume that the Herald knows that the electricity generated here in this state through hydro-electric development did not come about through funds voted by Congress without subsequent repayment, but actually must be repaid to the last cent of principal and interest.

Let's keep the record straight.

### Period Of Silence

Chester Bowles, a diplomat himself and especially successful one, made news the other day like the man who bit the dog when he suggested a foreign policy of 30 days of silence. He is of the opinion that too many are talking and talking far too volubly.

Of course it is the prime business of diplomacy to bargin and talk and not many professional diplomats will cheer the idea of locking up their principal tools for 30 days, if for no other reason than it would be a reflection on their skill and usefulness. But Bowles had a little more than that in mind. It has occurred to him that international relations has become the favorite subject of too many senators, cabinet members, generals, commentators and organizations of one kind or another who are making the air ring with a diversity of opinions. In his opinion the meeting has got out of hand and that it is time for the chairman to bang the gavel on the table and get all the speakers back quietly into their chairs.

Mr. Bowles may have a point. Certainly the world is not going to pot in 30 days for lack of international remarks. A quiet period would give every nation a chance to digest what already has been said and done, and the lack of new claims and statements would guarantee against a new crop of misunderstandings and crises. The world should give it a try.

# Molotov OK Reported On West Big Four Meet Arrangements

SAN FRANCISCO (AP) — Russia's V. M. Molotov was understood Thursday to have accepted the western proposals for setting up next month's meeting of the Big Four chiefs of government at Geneva.

The Soviet foreign minister made his position known to Secretary of State John Foster Dulles during a luncheon at Molotov's house in Suburban Hillsborough.

Dulles asked him whether further talks on the arrangements would be necessary on a diplomatic level, as had been anticipated in the event no agreement was reached in San Francisco. Molotov replied that further discussions would not be necessary before the July 18 meeting.

Informed quarters said Dulles regarded this as final acceptance of western proposals placed before Molotov last Monday night at a meeting of the Big Four foreign ministers.

## Arkansas Officials Eye Nebraska Tax System

Two officials of the Arkansas Public Service Commission conferred with the state tax commissioner's office here Tuesday about methods used by Nebraska in taxing railroads and airlines.

Bruce Fraser and George T. Lyford of the Arkansas commission had asked for the conference in order to aid them in their problems. They indicated that they thought Nebraska used a superior method for utility taxation.

Nebraska's system had been the topic of discussion during the recent session of the Legislature with some members of the Revenue Committee expressing doubt about the soundness of methods used in railroads.

ter the luncheon Thursday Dulles and Molotov had a private talk, with only Molotov's interpreter present. It was understood that the two diplomats for the first time actually discussed substantive topics which were expected to come before the summit meetings.

Informed quarters described the luncheon as an extremely friendly, cordial affair.

When the American party arrived at Molotov's villa, he greeted Dulles warmly and led the American to a terrace which overlooked a garden and swimming pool.

Molotov offered his guests a round of caucasian wine but Dulles declined, explaining that he didn't take a drink before lunch.

## Caviar

Molotov then led the group into a dining room and took his place at the center of a long table with Dulles on his right.

They began the lunch with caviar and piroshki with vodka. Mol-

otov raised his glass to each American in turn and drank to his health. The guests were then served California salmon, boiled potatoes, roast beef and string beans.

Molotov suggested they have coffee in the next room, which opened onto the terrace. It was here the two foreign ministers had their discussion about the procedural arrangements for the Geneva talks.

V-8 POWER from the V-8 leader... that's what you get in a Ford. And Ford's Trigger-Torque "go" means more than just trigger-quick action on take-offs. It gives you a whole new feeling of confidence and security in traffic or on the open road.

YEARS-AHEAD LOOKS ... you see it in every Thunderbird-inspired line. For, this '55 Ford is truly the styling "trend-setter." Perhaps you've noticed, too, you see more and more Fords in front of homes where formerly only costlier cars were parked.

SMOOTHER GOING ... and you'll go more places! The reason? Ford's revolutionary Ball-Joint Front Suspension is better than ever. For '55, springs are tilted back to absorb bumps from the front as well as up and down. You'll find even the smooth roads seem smoother!

# Doniphan-Hastings Road Relocation Is Considered

**Reduction  
Of Distance  
Seen By Ress**

HASTINGS, Neb. (AP)—State Engineer L. N. Ress Thursday said the State Highway Department is considering the relocation of Highway 281 between Doniphan and Grand Island.

He said no definite decision has been reached although some preliminary surveys have been made.

"Not only may a complete reconstruction be cheaper than widening the existing roadway and bridges, but the travel distance may be substantially reduced," said Ress in an address delivered before the Highway 281 Assn. here.

The state engineer added, however, that relocation of 281 through Hastings "would result in adverse travel distance and would consequently violate one of the basic criteria for highway modernization."

**Access Control Needed**

He told the group that access control is "absolutely imperative as a principle method of protecting the public's investment in highway construction."

He said lack of access control on Highway 6 south of Hastings has rendered the road "incapable of providing the traffic service for which it was designed."

No one knows what route the proposed interstate highway through Nebraska will take, said Ress.

"In as much as the federal government is bearing an extremely large portion of the cost, it will have a substantial voice in the design, standards, and location of the highway," Ress said.

The interstate highway bill passed by the Senate would have the federal government bearing 90 per cent of the financing.

## Crash Injuries Fatal To Youth

HARTINGTON, Neb. (AP)—Injuries suffered in an auto accident April 25 caused the death of Melvin Arens, son of Mr. and Mrs. Arthur Arens of Hartington.

Young Arens died at a Yankton hospital. The accident occurred east of Hartington following the Holy Trinity High School junior-senior banquet. The boy would have been a senior next fall.

Nebraska's traffic fatality total of the year now stands at 129, compared to 131 at this time in 1954.

## Burling Appointed School Principal

SOUTH SIOUX CITY, Neb.—William Burling, high school mathematics teacher the past two years, has been named principal of the South Sioux High School. He replaces J. R. Stickels, who resigned to accept a post in the Sioux City school system.

A native of Kenesaw, Burling attended Hastings College and holds a master's degree from the University of Nebraska. He taught in Juniata and Kenesaw before coming to South Sioux City in 1953.

He attended Superior schools.

Surviving are his parents, Mr. and Mrs. Edwin Hornbussel of Superior; three sisters, Lelia Smith, Jean Hornbussel and Joan Hornbussel; a brother, Alan Hornbussel; a stepbrother, Dick Hornbussel of Alliance, O.; a stepsister, Lyndall Hornbussel of Alliance, O.; his father, Marvin Smith of Los Angeles, Calif.; and a half sister, Julia Smith of Los Angeles.

# 'Motel On Wheels' Will Cut Pastor's Vacation Costs

FALLS CITY, Neb. (AP) — The Rev. John DeBoer Baptist minister here figures he has the answer to the low-cost vacation.

After several years of experimenting, the clergyman has designed a "motel on wheels" out of his standard sedan. It is complete even to the extent of an "automatic" washing machine.

Rev. de Boer altered the rear seat by removing the backrest and inserting a mattress which extends into the trunk. He and his wife sleep on that while their son, Joe, 9, gets his slumber in the front seat. Screens built into the rear window let in the cool night air and keep out the bugs.

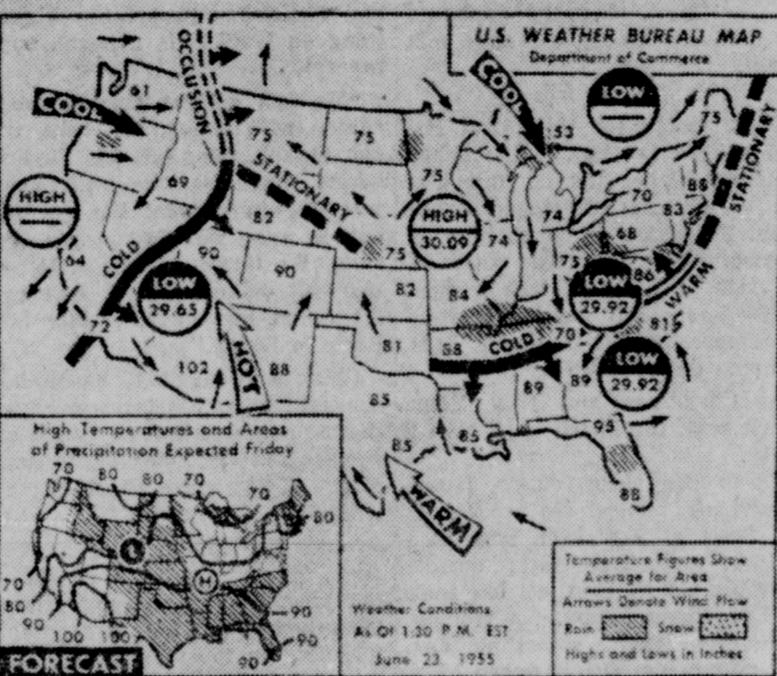

The family stores the housekeeping supplies under the bed. These

include the dishpan, dishes, groceries and a tent, in case they decide to rough it. Also stuffed into the rear part of the car are a gasoline stove, air mattresses, stove fuel tank and other incidentals.

The de Boers, who have traveled like this for the past three years, have an innovation this summer in the washing machine. It is a five gallon can which is placed on the inside of the spare tire on a car-top storage rack.

Soap and water are placed in the can, the clothes are added, the top of the can is tied down and the movement of the car washes the clothes while the auto rolls along.

The clergyman says they will eat for \$3.05 per day on their 18-day trip through the Southwest.

## POSTCARD

In this carefree Pacific Paradise of happy carefree natives, the happiest is probably Mr. Chick Daniels. Mr. Daniels is the barefoot Sherman Billingsley of Waikiki, Maitre d' beach boys, King of the sands.

Mr. Daniels, father of five and grandfather of nine, is known as a "beach boy." If you are smart, however, you will address Mr. Daniels politely. The seating arrangements on the carefree sands of Hawaii are as rigid as behind the gold ropes of the Stork Club.

It is Chick who sits under the shady kau tree and arranges the beach tastefully in front of the Royal Hawaiian. At this moment, Mr. Dean Martin is dressing up the front row.

In the little roped enclosure toward the Outrigger Club, we have Mr. Warner Sheely, president of N. W. Ayer; Mr. Dan London, manager of the San Francisco St. Francis; Mr. Robert Johnson, vice president of United Air Lines. This is the Waikiki version of the Cub Room.

Properly sorted, sheep from goats and presidents from account executives, we lie under the Waikiki sun. And Mr. Daniels anoints us with sun tan lotion.

Chick Daniels went on the beach in 1918. He is the oldest member of that tight fraternity of beach boys who give surf board and ukulele lessons. He has seated diplomats and brushed off brash movie stars to the back row.

In 1950, Chick was discovered by Arthur Godfrey. Apparently he showed the proper amount of humility for Mr. Godfrey took him

to New York where he appeared for a month among the cake mix talent.

★ ★ ★

and Christmas party, the biggest thing on Waikiki is a beach boy's funeral.

"We take all canoes, big one in center with ashes. We take way out to sea. Sing all his favorite songs. Have service with priest just like in church. We get way out to sea, we sing canoe club song. We throw ashes out to sea, then all come in, fast, fast race in! Catch big wave, paddle fast! Back to beach."

Chick said about 15 beach boys are laid away, out there beyond the big combers that carry the outriggers and surf boards in to shore. Most of them Chick knew well.

"Everybody sing, dance, laugh. Everybody happy! No trouble at all. Start at 9 o'clock, stop at 1 o'clock. Sometime little trouble brewing, but we stop just like that.

"Everybody happy. No trouble. Sometime laugh, sometime cry. But no trouble. Drink, dance hula, play ukulele, whatever you want. Some party!"

# Rep. Powell Rejects Ike Appeal To Withdraw Anti-Segregation Amendment

WASHINGTON (AP)—Rep. Powell (D-N.Y.) Thursday turned down a personal appeal by President Eisenhower to withdraw anti-segregation amendments to the pending school construction legislation containing a nonsegregation provision affecting the National Guard cannot now become law. School construction legislation containing a nonsegregation provision cannot now become the law."

The President added: "I shall of course continue to seek progress in ending segregation by the methods that have been so successful in the last two years. But I shall do all in my power to see that we make critical needed progress in other fields as well."

"I do not believe we can do either if we insist that progress in the one field be a condition precedent to allowing progress in others."

"Error."

Powell said the letter contained a major error of fact by the President."

He said the Senate passed an amendment by former Sen. Edward R. Burke (D-Neb.) prohibiting discrimination in the "selection and training of men" called to serve under the Draft Act of 1940. Powell said the Senate vote on the amendment was 58-31, and the House passed the entire bill Sept. 7, 1940 by a 263-149 vote.

Powell said "that was much more of a military necessity than now." He added, under questioning, that interpretation of the 1940 Draft Act by commanders resulted in segregation and said this points up the necessity for spelling out requirements in the reserve bill.

Guard Units

The President's reserve program has been stalled weeks because of Powell's amendments barring federal assignment of reservists to National Guard units practicing segregation. A proposed compromise now pending would eliminate this problem by eliminating all reference to the guard.

But, since the measure would amend the existing reserve law, Powell said he believes he can propose an amendment that, in effect, would prohibit anyone subject to the draft from going into the guard. He said he intended conferring with lawyers on legal points and said this would determine his final decision, rather than the President's appeal.

The President has appealed to the country for support in getting out reserve legislation which he told Powell "is essential to the security of the American people."

**COL. HAYES  
DISMISSED IN  
SPY AFFAIR**

WASHINGTON (INS) — The Air Force dismissed an intelligence officer and deprived him of \$75,000 in retirement benefits Thursday for becoming involved with a beautiful German girl convicted of spying for the Russians in Berlin.

The dismissed officer is Col. Patrick W. Hayes, 48, a native of Scranton, Pa., who was discharged under "other than honorable conditions" after being ordered last winter to show cause why he should not be removed from the service.

The German girl is Irmgard Schmidt, who was convicted of espionage in Berlin last Dec. 21 and was sentenced to five years in prison.

Air Force Secretary Harold E. Talbott said: "There was no indication that Col. Hayes released classified information to Miss Schmidt, but he evidenced impropriety and poor judgment in permitting himself to become involved with her."

A simple way to remember who to present to whom is to realize social introductions originated in court society. The phrase, "May I present," is asking to introduce someone to the person you are addressing. Always speak the name of the honored person who receives the distinction of being asked for the presentation first.

You are invited to write directly to Caroline Leonetti — 6607 Sunset Blvd., Hollywood 28, California. Please include self-addressed and stamped envelope for analysis and suggestions which will be sent by return mail.

# Historical Society Turns Back \$7,117

The Nebraska Historical Society Thursday turned back to the state general fund \$7,117.02 remaining from the amount appropriated for the construction and equipment of its new building at 1500 R. street in Lincoln.

The announcement of the saving to the state was made by James E. Lawrence, president of the society to Gov. Victor E. Anderson, who accepted the check. Lawrence reported that all bills for construction and equipment have been paid, and the society therefore felt able to relinquish the balance of the fund at this time even though it had been reappointed for the next biennium.

"This is unusual," Gov. Anderson said. "Most of the time agencies

are asking for more money. I wonder if it has ever happened before."

The governor said that he "gets a great thrill out of just looking at the new building." He explained that he frequently drives out of his way to see it because of its beauty.

"Ellery Davis is entitled to a great amount of credit for that," Lawrence responded. "He was very cooperative throughout the planning and building stages."

The cost of the building, including equipment, was \$598,538.65. Money for the building was obtained from the balance of a statewide levy made in 1949 to reimburse losses on investments made by the Board of Educational Lands and Funds.

The balance after meeting the

needs for the special levy was given to the society and payments of back taxes kept the building fund increasing for several years. The amount collected in taxes was augmented by interest received from investing the fund in governmental bonds until construction of the building was started in 1950.

The society had \$605,655.67 available for the building and after its completion decided that the unexpected balance rightfully should go to the state general fund.

The new building was dedicated in September, 1953.

## Driver Takes Off After Hitting Cab, Cabbie

Police were looking for a hit and run driver who struck the side of a taxi cab and then struck the cab driver before leaving the scene.

The cab driver, Marvin R. Bustard, 1327 So. 13th, told police he was hit about the face several times after his taxi and a car collided on 13th between O and N. Bustard said the other car crowded into his lane of traffic.

## Speech Contest At Grace Church Sunday

A speech contest, using selections from the Bible, will be held at Grace Methodist Church Sunday evening.

A special guest will be Mrs. J. J. Bristow, who recently received national honors as "Mrs. Sunday Church School Teacher of 1955" at the American Baptist convention in Atlantic City.

## Vic Signs Final Bills Of Session

Gov. Victor E. Anderson Thursday afternoon signed the last of the bills passed by the Legislature on the closing days of the session, including the \$24,000 appropriation bill.

In the list also were a series of highway bills that recodified highway laws and eliminated many of the provisions that had been enacted in the "horse and buggy" days.

A complete list of bills signed:

# The Outdoors Can Be Cozy, Too--Sometimes

There's nothing like a fireplace to give that cozy atmosphere, indoor or out--and this morning we're concerned with the outdoor variety--

The Cathers -- Mr. and Mrs. Howard, make good use of their outdoor fireplace, and the even-

nings, from May until November, will find the Cathers, their friends and families hovering around the garden fireplace.

In the picture with Mr. and Mrs. Cather are (standing) Mrs. John Cox, Jerry Cox, John Cox, Jr., and Mr. Cox.

Who could possibly consider a morsel he is so carefully broiling -- or grilling -- In this small-fry group (center) are: standing from left to right, John Burrell, Cliff Critchfield and David Critchfield. On the perch with Nancy is Johnny Miller.

The back garden at the home of Mr. and Mrs. Claude Hof is a popular spot with the Hofs' contemporaries -- and also for the young crowd--but a family sup-

per is as much fun as anything, judging from the activity when the photographer arrived.

Seated and all ready and waiting for one of those big thick steaks are, left to right: Mrs. Joe Gordon, the former Barbara Hof; Jim Hof, Joe Gordon and Claudette Hof. And who are doing the heavies? Mr. and Mrs. Claude Hof, naturally.

## THE TALK AROUND TOWN

ALL rules fail in dry weather, so some smart person stated many eons ago -- but since the dawn is not particularly dry the rule that there never is a morning without something extra-special to talk about, still is in effect.

We are sure that you will be more than a little interested in learning that a certain young man about town -- just four months old, has joined the family of Mr. and Mrs. R. K. Alloway, and will be known henceforth as Richard Keith Alloway Jr. Such nice news.

### Bride Announces Wedding Party

Miss Susan King, who will become the bride of Raymond Elwell on Saturday, July 2, is announcing the members of her bridal party. Her sister, Miss Carolyn King, will be the maid of honor. The bridesmaids will be Miss Dolores Theis and Miss Rita McCurdy. Serving as best man will be Charles Elwell, brother of the bridegroom, and the ushers will be Robert Elwell, of Beatrice, and Walter Elwell, both brothers of the bridegroom. Lighting the tapers will be Master Jack Little and Master King Little, cousins of the bride.

Tuesday evening, Miss Dolores Theis and Miss Rita McCurdy entertained for Miss King at a miscellaneous shower at the home of Miss McCurdy.

The accident occurred on the New York State Thruway. The family left Lincoln Saturday for a vacation trip in the East.

## 7 Counts Charged Against Omaha

Robert Poyner known as Robert Woods, of Omaha, could easily go along with the old idiom that when it rains it pours.

He appeared in Municipal Court on a warrant Thursday and answered the following charges:

Failure to obey an officer.  
Resisting Arrest.

No registration.

Carrying more than three persons in the front seat.

Using profanity in the presence of women.

Careless driving.

Driving during suspension of his license.

Poyner pleaded innocent before Judge John Jacobson who placed him under \$500 bond and set the trial for July 21.

## Youth, 19, Found Guilty Of Murder

PATERSON, N. J. (AP)—Nineteen-year-old John Heberling was found guilty of second-degree murder for the goodnight kiss slaying of a middle-aged woman neighbor.

The verdict carries a maximum penalty of 30 years imprisonment for the youthful Clifton factory worker.

A jury of five women and seven men returned the verdict to Passaic County Judge Louis V. Hinckle after deliberating 6 hours and 20 minutes.

Heberling, who did not take the stand in his own defense, had told police in a signed statement that he stabbed and beat 59-year-old Mrs. Almira Force to death in a panic after giving her a goodnight kiss.

## Omahan, Son Die In Canyon Plunge

FRESNO, Calif. (AP)—A Los Angeles man and his father from Omaha, who had joined him on a vacation in the Sierra, were found dead Thursday after their automobile had plunged over a 600-foot cliff on the precipitous Kings River Canyon 65 miles east of here.

The wreckage was found only when a passing motorist noticed the marks of the automobile and spotted the wreckage down the canyon. The accident happened Wednesday.

California Highway Patrolman Dale Lancaster identified the two men as Richard Aaron Mills, 32, of Los Angeles, and Raymond G. Mills, 60, of Omaha.

Lancaster said their watches had been stopped at 10:15 p.m.

## Participant Loses Eye Injured In Steakhouse Fight

One of the participants in an altercation at a West Lincoln steakhouse will lose his eye as a result of an injury received in the three-way fracas.

Deputy Sheriff Frank Jacox said surgery next Tuesday will remove the eye of Henry E. Rheume, 36, of 137 O. Rheume works and lives at Jack's Trailer Sales at that address.

Jacox reported that Rheume and another man, identified as Fred Fowler of 1022 NO. 8th, had been fighting at Steve's Steak House when owner Steve Gorka attempted to separate them and quiet the disturbance. Rheume was injured in the ensuing alteration.

Gorka has filed in West Lincoln Justice of the Peace Court peace disturbance and attempted assault complaints against Rheume and Fowler.

Meanwhile, Lancaster Co. Atty. Elmer Scheele said the filing of any charges by his office were not indicated so far in his investigation, but that the investigation wasn't yet complete.

The appropriation voted by the Legislature out of the general fund for the department's wages and maintenance account was \$168,000 compared with \$180,000 for the current biennium. The department had asked for \$218,000 because of a slash in federal aid.

As a result, said Rogers, most of the department's venereal disease investigative work will have to be eliminated unless a new federal grant requested from Washington is approved.

Rogers said he also will ask the board to set a policy for the manner of cutting hospital and nursing home inspection service.

He added that five department workers have been given dismissal notices and that the vacancy created by the retirement of a sixth employee will not be filled.

The wreckage was found only when a passing motorist noticed the marks of the automobile and spotted the wreckage down the canyon. The accident happened Wednesday.

California Highway Patrolman Dale Lancaster identified the two men as Richard Aaron Mills, 32, of Los Angeles, and Raymond G. Mills, 60, of Omaha.

Lancaster said their watches had been stopped at 10:15 p.m.

## Yanks Have 'Natural Right' To Travel Abroad, Court Says In Historic Rule

By KARL R. BAUMAN

WASHINGTON (AP)—The State Department's "Passport Queen" was shorn of much of her power Thursday in an historic U.S. Court of Appeals decision declaring Americans have a "natural right" to travel abroad.

This right must not be denied arbitrarily or without "due process of law," the court ruled unanimously. Striking down the State Department's claim to "exclusive control" over issuance of passports, it said the department's ac-

tions are subject to judicial scrutiny.

Unless overturned by the Supreme Court, the decision is a jolt to the wide powers exercised by the director of the department's passport division. For years that office was filled by Mrs. Ruth B. "Ma" Shipley. She retired in April and the post went to Frances G. Knight, 49-year-old former deputy to Scott McLeod, head of the department's office of security and counselor affairs.

In recent years mounting protests have been filed by the Amer-

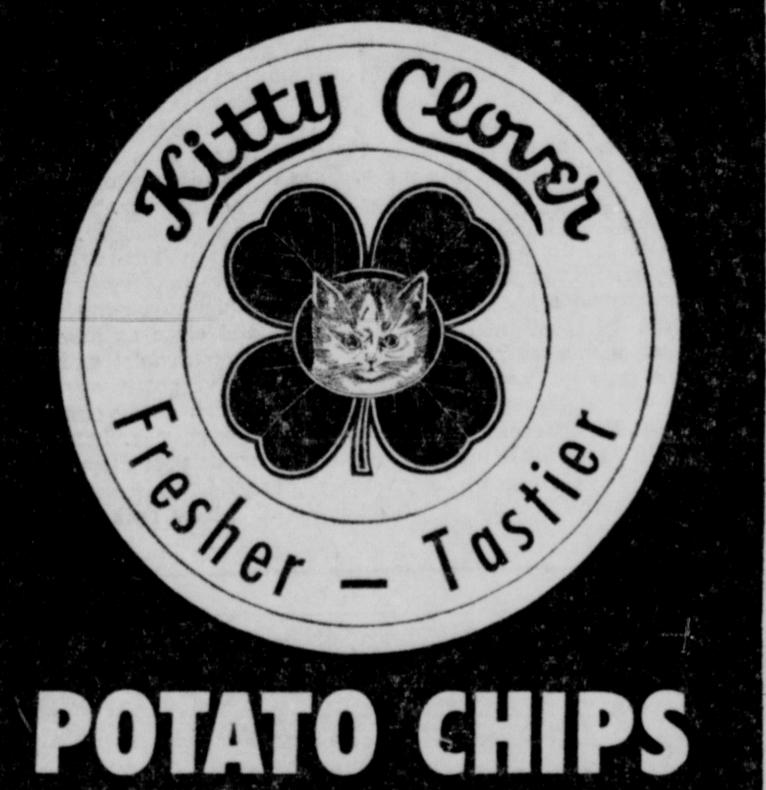

ican Civil Liberties Union and others that passports have been denied without detailed statements of reasons, without proper hearings and without giving accused persons a chance to face accusers.

The State Department's position has been that in these troubled times it must exercise discretion in withholding passports from persons whose travels "would not be in the best interests of the United States."

The case which brought Thursday's ruling involved Max Shachtman New York, chairman of the Independent Socialist League, which is on the attorney general's list of organizations alleged to be subversive. The Appeals Court sent the case back to District Court with instructions that the state department must show legal reasons for denying a passport to Shachtman.

## Public School Teaching Of 'Non-Sectarian Religious Truths' Urged By Dr. Stimson

Dr. Edward W. Stimson of Omaha said Thursday at a special clinic on "Religion and the Public Schools" that "nonsectarian religious truths should be taught" in public schools "as a part of every subject where it is germane."

Dr. Stimson, pastor of the Dundee Presbyterian Church in Omaha, spoke at a clinic sponsored by the University of Nebraska Department of Philosophy in cooperation with the Summer Ses-

mocracy, which can be taught without religious controversy, should be taught in the public schools."

He continued: "I am not here advocating the addition of specifically religious courses in the curriculum . . .

"I believe that religious pieces and poetry . . . need to be returned to the readers used by our children today. In the teaching of

God,"

He urged that as a unifying basis for the philosophy of education the schools agree in their teaching "to recognize the unity, coherence and interrelatedness of truth, that is, the existence of God."

Dr. Stimson said under such a philosophy "there would be no room for sectarian religious teaching. There could be no ecclesiastical control of education. Only those convictions which are the common possession of all in our religious heritage in our de-

sions."

He urged that as a unifying basis for the philosophy of education the schools agree in their teaching "to recognize the unity, coherence and interrelatedness of truth, that is, the existence of God."

history, religious history needs to be included in a sympathetic and nonsecretarian manner, telling the plain truth. Particularly in the teaching of science, there needs to be a thorough survey of the opportunities to bring in religious truth about the creative work of God, to prevent children getting the wrong impression that nature's phenomena came by mere mechanical processes."

How you can  
keep white nylon  
from turning  
gray or yellow!  
(and get old nylon white again, too!)

Got any old slips in your bureau drawer, too dingy to wear but too good to throw away? Then here's good news. You can rewhiten yellowed, dingy nylon with new Surf.

Got any new nylon things you're hoping to wear a long, long time? Take heart. You can do that thing—they come through white and bright as new when you wash them in new Surf.

### Scientists find a new whitener

Yes, something new has been added to Surf. The scientists have developed an ultraviolet whitener. It puts powerful ultraviolet rays (like those in sunshine) to work for you. This is not a bleach. It is not a bluing. It is not something you pay extra for. But it really rewhitens your old nylon things and keeps new nylon looking new.

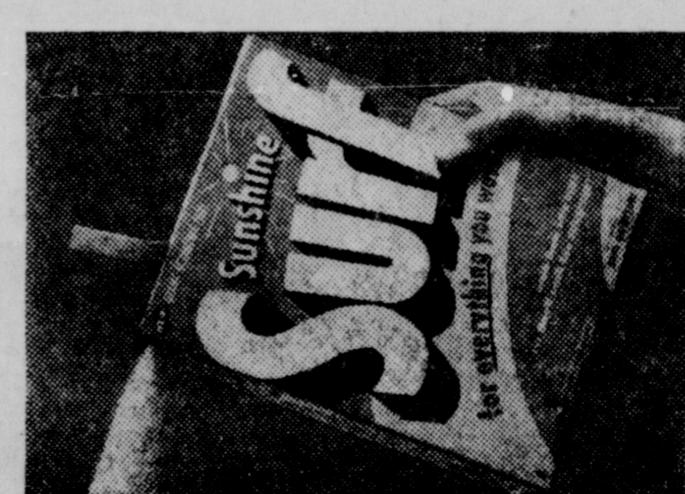

### Is it safe for everything?

Absolutely! You won't find a detergent on the market that will get all your wash—cotton, rayon, new and old miracle fabrics—as white and clean as Surf. It's for everything you wash, from lingerie to dungarees. And it's mild to your hands, too!

### This is our promise

It comes from one of America's oldest, most trusted makers of soaps and detergents. We promise that when you wash your new white nylon slips, blouses and other things in Surf,

they'll stay as white as the day you bought them. And if you'll wash your old, yellowed nylon things with new Surf, you'll see them getting whiter and whiter. After several washes you'll enjoy wearing them again.

### Here's your guarantee

Look for Surf next time you're at the store. (It's in the same sky-blue and sunshine-yellow box as always.) Buy it and try it for all your wash. Then, if you don't find it beats any other detergent for getting everything white and clean, we'll return every penny you paid. No ifs, ands or buts. Better put new Surf on your shopping list right now!

# Brooklyn's Edge Now 14 Games

CHICAGO (AP)—Pitcher Clem Labine failed to finish for the 23rd straight time, but a pair of bases-loaded singles by Pee Wee Reese and Gil Hodges for a four-run seventh gave Brooklyn's "cripples" a 7-4 triumph over the jittery Chicago Cubs Thursday.

Brooklyn now is winging 14 games in front of the National League pack.

Labine scored his sixth straight victory without defeat this season, although he left for a pinch-hitter in the seventh, leading 4-2. The 28-year-old righthander turned in his last complete game Oct. 2, 1951 in a league playoff game.

Karl Spooner replaced Labine to seal a three-game sweep over the Cubs, who yielded second place by one percentage point to the idle Milwaukee Braves. Spooner struck out seven in his three relief innings.

## Unearned Runs

Three Brooklyn runs were unearned as the Cubs committed four errors.

The Dodgers, who today lost star center fielder Duke Snider because of a twisted knee suffered yesterday, teed off on Cub starter Sam Jones in the seventh, scoring all four runs on three hits and Jones' throwing error, before Jim Davis put out the fire.

Besides Snider, hard-hitting catcher Roy Campanella is on the bench with an injured knee, while the Dodger crippled list also includes sore-armed Billy Loes and Johnny Podres and infelder Don Zimmer, who has an infected jaw.

## 'He Hit Me On Nose,' Says Bobo

SAN FRANCISCO (AP) — "This guy Moore really punches hard," middleweight champion Carl (Bobo) Olson commented here Thursday when he returned from his third-round knockout Wednesday night by light-heavyweight champion Archie Moore.

"He hit me on the nose with a left hook," Olson said, "and I remember hitting him back. And then I don't remember anything."

The blockbuster that exploded in Olson's face at the New York Polo Grounds Wednesday night knocked out the middleweight champion's dreams of going to England to fight Don Cockell. Instead, Manager Sid Flaherty said he would line up a fight in the United States for Olson, probably in August—with another middleweight.

"He's got to defend his middleweight title," Flaherty said. "I'd like to wait a little while and see how he feels."

Flaherty said Olson's next match probably will be with the winner of the Sugar Ray Robinson-Rocky Castellani fight next month.

Olson ducked the press in New York after the fight on the advice of Dr. Sam Sherman who was looking after him, Flaherty said.

"Bobo didn't know what had happened for three or four minutes after he was hit," Flaherty said. "Dr. Sherman said he was in a state of shock and should be protected from the public."

Olson said Flaherty had given him instructions on how to wage the fight but he never had a chance to follow them.

"Sid tells me to stay outside for four or five rounds and then come in and fight my usual style," Bobo said. "That was to wear him down."

"I thought I was doing pretty good. I thought I was going to be able to handle him."

"He caught me a couple of times but he didn't hurt me. Then came that left hook."

Reporters asked if Moore was moving in low gear through the first two rounds.

"Yes," Bobo agreed. "He was taking his time. He was sizing me up."

Asked how Moore compares with Joey Maxim, Olson said, "this guy is different from Maxim. He really punches."

Bobo ventured a prediction on what would happen when Moore also steps out of his weight class to take on heavyweight champion Rocky Marciano:

"The guy who lands the first punch will win that one."

## Four Cities Submit Bids For Autumn Title Bout

By JACK HAND

NEW YORK (AP)—A Rocky Marciano-Archie Moore heavyweight title match in San Francisco July 22 between Sugar Ray Robinson, former world welterweight and middleweight champion, and Rocky Castellani.

The bout has been tentatively set for July 15.

The fight will be staged in the Cow Palace and each of the fighters will receive 30 per cent of the gate. Also it was agreed they must weigh in at 161 pounds or less.

For the immediate future, Moore plans to check out of his Summit N. J., training camp and leave Sunday for Toledo. Later he will go on to San Diego, another of his many "home towns." Early in July he expects to go on a tour with the jazz band of his protege, Lucky Thompson.

Moore estimated he weighed 179 by ring time Wednesday night after scaling 175 pounds, the light heavy limit, at the noon weigh-in. He figured he probably weighed about 185 Thursday afternoon after putting away a steak, juice, milk and two quarts of water.

"My real true weight at Las Vegas was 196% for the Nino Valdes fight (May 2)," he said. "I was down to 181 a week before this fight and made 175 Wednesday morning after going on the road for two miles."

As for the fight Wednesday night, Moore said he knew Olson wasn't going to get up after he threw his final left hook. He said his double right-hand punch set up the KO blow.

The official financial breakdown on Wednesday night's fight showed 27,435 paid a gross gate of \$206,785. When the \$100,000 television money was added and taxes deducted, Moore's 30 per cent came to \$81,668 and Olson's 27½ per cent to \$74,862.

Marciano, who watched the fight on TV in his home town of Brockton, Mass., said there was no question that arrangements will be made for me to defend my crown against Moore in September."

Moore, the 38-year-old Negro champ, gave out his best quotes Wednesday night in his dressing room when they asked him about the Marciano fight.

"With either of these fists," he said, "I can knock out any man alive. That includes Rocky Marciano."

When Archie met the press Thursday in his hotel room he observed in a milder tone, "I believe I can beat Rocky, possibly I can knock him out." Then he added, "why should I pick on him if I didn't think I could beat him?"

# Red-Hot Red Sox Roll On

**Shut Out  
Tigers 7-0**

BOSTON — Frank Sullivan's fine two-hit pitching and tremendous home runs by Jackie Jensen and Norb Zauchin catapulted the red-hot Red Sox into a virtual tie for fourth place with Detroit Thursday as Boston blanked the Tigers, 7-0.

Sweeping the three-game series to gain their 14th triumph in 16 games and a 9-1 record on the current home stand, the Sox have a .515 percentage on a 34-32 record—a slim point behind Detroit's .516.

Sullivan, posting his ninth triumph against six defeats, yielded an inning-opening double to Bill Tuttle in the fourth and a two-out double to pinch hitter Ferris Fain in the eighth but neither could advance.

Big Sully fanned three and walked four.

Jensen's home run was a grand slam and Zauchin's a two-run affair.

The Sox who hit 46 home runs in their first 56 games now have clubbed 21 in the 10 games since they returned to friendly Fenway Park.

**Mighty Fly**

Jensen capped a five-run fourth inning with his mighty fly into the left-field screen.

Jensen's 14th home run came on rookie Duke Maas' 1-pitch and put the Sox out of reach, 7-0. It also pulled his runs-batted-in total to 51.

The fear of Ted Williams played a part in the contest as he drew three walks and singled before retiring for a pinch runner in the sixth.

Ted's walk in the third preceded Zauchin's 13th homer on a Maas slider. It tipped the top of the nets in left.

# Pay Hike, Hour Cut Offered Truckers

By The Associated Press

The Nebraska Small Carriers Assn., in an effort to end an AFL Teamsters Union strike against Petersen & Petersen Inc., Thursday had offered a two-year contract with a pay boost and a cut in working hours.

Leo Petersen said he was speaking for the members of the Small Carriers Assn. in announcing the offer. Petersen, of Grand Island, operates the intrastate trucking firm which was struck Wednesday.

Pickets still paraded at terminals in Omaha, Lincoln, Grand Island, North Platte and Scottsbluff Thursday. The walkout involves about 70 drivers, dockmen, checkers and warehousemen.

The union had no immediate comment.

Petersen, in a statement, said: "In an effort to bring the long-standing dispute to a conclusion, the Small Carriers have offered the workers an immediate increase of 10 cents an hour with scheduled increases amounting to 32 cents an hour spread between the date of signing and April 1, 1957."

"Local rates would start at \$1.57 an hour in Grand Island, \$1.67 an hour in Omaha and would be raised to \$1.89 an hour in Grand Island and \$1.99 an hour in Omaha as of April 1, 1957. Hours of work would be reduced from 48 as of the date of signing to 40 by April 1, 1957 with overtime to be paid for hours worked over 40 after April 1, 1957."

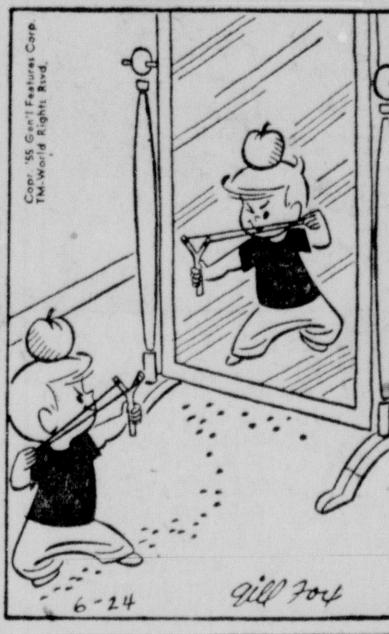

"No Notice"

Petersen charged that the strike "began without notice to the carriers" and that the first word came when "supervisors arrived at the terminal at 7 a.m. to find that the morning crew had walked off their jobs, leaving all freight and equipment unguarded and without protection."

Drivers had abandoned their equipment at various terminals in the state and returned to their home stations by other means of transportation . . ." the statement went on. "The strike is a further action by the union to obtain wages and conditions which the Small Carriers Association of Nebraska is unable to accept."

The statement "emphasized that the dispute is entirely economic and results" from the association member's "inability to conform to the union's demands for a proposed pay scale that is consonant of the carriers' traditional one-way operation, the average level of wages

in the territory, or the revenue available under the rates established by the Nebraska State Railway Commission."

Petersen noted that the carriers filed a rate increase application last summer with the State Railway Commission, but it has not yet been acted upon. He said the "small carriers find it increasingly difficult to compete with the large number of non-union operators, both commercial and private, whose wage rates are substantially lower."

A union spokesman had said earlier that the union sought both higher wages and better working conditions.

U.S. District Judge John Delehant set July 1 as the date for a hearing in Lincoln on whether a federal or state court should decide a "hot cargo" issue.

The Small Carriers Assn. contends the State Court of Industrial Relations should rule on whether the "hot cargo" clause enforcement is legal. The AFL Teamsters Union claims a federal court should settle the matter.

Through the "hot cargo" clause the union locals have in their contracts with interstate carriers, the carriers agree not to handle cargo from truckers with whom the locals have a dispute.

## ALL-STATE ART EXHIBIT SLATED

Eighteen members of the art section of the University of Nebraska All-State High School Course will display their work Friday at the Student Union. The showing will continue through July 2, the final day of the course.

## BAERING DOWN ON THE NEWS By Arthur 'Bugs' Baer

If we figure to keep up with that kind of dipso-diplomacy we had better get Mr. Dulles an all-night license.

It's working on Comrade Krushchev's surreptitious infiltration of b r a i n - washing with vodka.

I have never tasted Moscow mule but I have met distinguished indulgers. After the third drink they use their breaths for radar.

They tell me it combines the best features of Arkansas moon, Mexican pulque, Puerto Rico rum and boiler compound. It will give you the gift of second sight. But you get them both at once.

We were warning our Geneva tourists not to be suckered in when Bulganin, Zhukov or Krushchyk proposes a toast in Vodka. The Russians never run out of toasts. They drink to co-existence, 24 hour laundry service, elephant cemeteries, potted geraniums, filter-tipped boomerangs, celluloid cuffs, ringless ladders, elimination tournaments, lost umbrellas, the duke's stamp collection, the 16 Gabor sisters, the north-west corner of Napoleon's hat and more vodka.

At least we beg them not to sign anything after the first toast.

The Krushchys broached a demotion of Moscow mule and proposed a toast to Tito. Five hours later Tito did an about-face and fell on

# Ike Gets Pay Hike Measure

## ... Million To Benefit

**WASHINGTON (INS)** — Congress approved and sent to President Eisenhower Thursday a bill calling for a 7½ per cent pay raise for one million federal white collar workers.

The measure sailed through the House and Senate by unanimous votes. Mr. Eisenhower is expected to sign it into law.

Final approval came after a lengthy congressional fight. The Senate originally approved a flat 10 per cent boost, but the House insisted on 7½ per cent. A conference committee agreed on the House figure.

The bill benefits classified federal employees, congressional workers and employees of the Federal Courts and U. S. Foreign Service. The pay raise is retroactive to March 1 and will cost an estimated \$25 million dollars a year.

The legislation completes the cycle of pay raises for federal officials and employees and members of the armed forces. Everyone except the President, his cabinet and top civilian officials have benefited or will benefit under the bill.

# U.S. To Discuss Far East Crisis At Summit If Russia Insists

Officials At Odds With Knowland

WASHINGTON (AP) — American officials were reported Thursday to be ready to discuss far eastern problems at the Big Four conference if Russia insists—a stand that apparently put them at odds with Senate Republican Leader Knowland.

The California senator, a few hours after the American position became known, declared against any U. S. United Nations talks on far eastern tensions until Red China releases all imprisoned Americans.

"The Chinese Communists should be told that we will not permit them to use our men as bait for negotiation," Knowland said in a speech prepared for a meeting of the foundation to defeat communism.

Near the end of his speech, however, Knowland commented that although the Big Four conferences are to be "purely exploratory . . . there is nothing to foreclose our representatives in such conferences to raise any or all problems and issues of existing tensions."

**Big 3 Agree**

Informed officials said the United States, Britain and France have agreed that although they are willing to discuss the Far East at the summit meeting—if Russians make a point of such discussions—the western powers themselves will not propose or initiate far eastern talks.

Knowland said:

"Both the United States and the United Nations should make it clear that before any discussions are entered into relative to tensions in the Pacific, all Americans, military and civilians, who are being illegally held should be freed."

Knowland added, "the fact that only four (U. S. airmen) have been released may well indicate that the Chinese Communists are going to use the balance in negotiating Formosa, and far eastern problems with us."

**Both Ends**

On another subject, Knowland said Marshall Tito of Yugoslavia is "playing both ends against the middle" in dealings with the free world and with Soviet Russia. He again suggested cuts in U. S. aid to Yugoslavia.

Meanwhile, Soviet Foreign Minister V. M. Molotov's speech before the United Nations anniversary meeting at San Francisco Wednesday dampened any hopes here that the top level Big Four conference next month might ease East-West tensions.

In the view of most American officials, Molotov rehashed old arguments and gave little or no evidence of any Russian intention of yielding on major issues which have divided the Communist and western worlds.

**War 'Unlikely'**

FLORENCE, Italy (AP) — American Nobel Prize physicist Arthur H. Compton asserted a major war in the next 10 years is highly unlikely because of what he termed a stalemate in the atomic weapons race between the United States and Russia. Dr. Compton, chancellor of Washington University of St. Louis, Mo., told philosophers and scientists from 43 nations this stalemate is buying time in which a way to peace may be found.

WILLIAM F. BACHMAN

**Bachman Among Guard's Youngest Regimental Chiefs**

OMAHA, Neb. — Lt. Col. William F. Bachman, 39, of Omaha, new commander of Nebraska's 134th Infantry Regiment, is one of the youngest regimental commanders in state Guard history.

A member of the 134th since Jan. 4, 1934, he has been named to succeed Col. Elbert Smith as commander.

In 1934 he enlisted in the old Co. K of Omaha and entered federal service in 1940 as a second lieutenant. He joined the re-activated Guard in 1943 as Regimental S-3 officer, and was executive officer of the Second Battalion until assuming regimental command.

Col. Bachman is safety director of the Omaha Public Power District. He is married and has three children. He is a graduate of Creighton University and has attended the Infantry School advanced course and the Command and General Staff College.

**Surgery Planned**

OXNARD, Calif. (AP) — Loretta Young soon will undergo abdominal surgery at St. John's Hospital where she has been confined since April 10.

The actress, 41, has lost much weight during an attack of peritonitis, an inflammation of the abdominal membrane. Date for surgery will be set as soon as she gains five more pounds, her press agent said.

**Short Fund Check Draws A \$75 Fine**

A 36-year-old former Oklahoman was fined \$75 in Lancaster County Court for issuing a \$15 insufficient fund check on June 16 with intent to defraud.

William H. Hoffman, now of Lincoln, told the court he had "no reasonable explanation" for his check-writing after pleading guilty to the charge.

Hoffman was released from the

county jail about six weeks ago after serving a 60-day jail term for issuing a no-account check. Dep. Co. Atty. Dale Fahrbruch said his office had several other insufficient fund checks written on successive days by Hoffman.

He told the court that Hoffman was a graduate forester and a former army officer.

**NATO Talk Possible**

PARIS (INS) — Paris informants said that President Eisenhower might address a North Atlantic Treaty Organization ministerial council July 16 or July 17. It depends on whether he agrees finally to visit Paris enroute to Geneva for the Big Four chiefs of state meeting July 18. Such a stop-over however is not certain.
